When youth are engaged in their communities, they bring radical imagination to help move their communities forward. In this interactive session, Molly Messenger, Director of *Pittsfield Listens*, along with a student leader from Pittsfield NH, will show youth participants how they can ensure their voices are heard on the issues that matter to them.

After this workshop, participants will have learned how to:

- Design a vision for the kind of leader they want to be in their community
- Prioritize ways to improve their community and develop an action plan to put their vision into practice
- Collaborate with both adults and peers to speak their truth and lead their communities and schools toward a shared goal

**\*\*Teens are also invited to join us at 8:00 for breakfast, to watch student performances, and to attend Molly Messenger's conference keynote address on Authentic Student Leadership\*\***
