

# 2022 Student Summer Scholarships

WATG is proud to announce that twelve scholarships were awarded to students in Wisconsin in grades 3-11 to be used for enrichment opportunities during the summer of 2022. The scholarship committee had a difficult time narrowing down all the outstanding applications. Two common themes were mentioned in the student scholarship essays. Most applicants shared excitement at the opportunity to participate in a traditional camp summer program aligned to their talents. The applicants also wrote about the need for interacting with similar peers.

The scholarship committee was impressed by the many talents and accomplishments of the scholarship winners. These talents ranged from playing instruments, including saxophone, organ, piano, and violin, to a love of sports, including tennis, baseball, and golf. Areas of interests were diverse, including writing, math, engineering, science, technology, language arts, leadership, and foreign cultures. Accomplishments included high honor roll, advanced music groups, Early College Credit Program credits, and national competition winners. In addition many of the winners find time to show positive leadership skills in their communities.

Congratulations to the following students for winning a summer scholarship:

Avery S.--Tomahawk School District  
Sarah G.--Sun Prairie School District  
Violet B.--Oconomowoc Area School District  
Ruby B.--Oconomowoc Area School District  
Leonard Z.--Ripon School District
